Navigating Transition to School: Registration and Special Education Family Workshop

This workshop is geared to families who have children entering Kindergarden (Junior or Senior) in September 2021. The workshop will provide families with introductory information about the Ontario education system and the basics of special education in the early elementary school system. The workshop will include information about the following topics:

- Understanding Ontario public school boards and how to register for school
- An introduction to special education and resources
- General information about Individual Education Plans (IEPs) and Identification, Placement and Review Committee (IPRC) Meetings
- How to access information about legal rights in education and advocacy

There will also be time for Q&A and group discussion!
