

DISABILITY AND SEXUALITY

MORE CONVERSATIONS, MORE OFTEN!

YOUNG ADULTS / YOUTH

I need to feel empowered

Conversations take bravery

Every person is deserving of love, companionship- whatever that looks like for them

Conversations become easier with practice

WHAT WE NEED

Champions to lead the way

Information on all different body types

Disability specific resources

ALL IN ONE PLACE!

CREATE TRUST

BUILD RAPPORT

BE AUTHENTIC

PARENTS

I want the world to see value in my child

Let go of ableism- don't make assumptions about my child

My child deserves sexuality information and resources

CONVERSATIONS CAN BE AWKWARD - AND THAT'S OK!

HEALTHCARE PROVIDERS

We all need to look the issue in the eye

Educate and evolve yourself - go beyond the textbook

I know I don't have all the information I would like, but I still need to have the conversation

Park your assumptions
